**W**ouldn't it be nice if there was a way to be able to provide continuity of care, and optimal medical treatment for the uninsured and uninsurable in your community?

And wouldn't it be nice if that very solution enabled you and all public healthcare providers in your area to experience operational efficiencies and cost savings as a result?

*The solution is here...the time is now.*

*Indigent Care Tracking...  
Providing Shelter for those in need*

*The net result is the alleviation of financial burdens currently experienced by healthcare providers that treat the uninsured - and improved medical care for all*
